Versed In The Art Of Co-Operation

It is one thing to be **willing** to co-operate. It is quite another to be **able** to co-operate effectively.

That's where Wachovia experience and facilities count.

Our six offices in State-wide service make it convenient for us to work with banks, attorneys, State, county and city officials, and all others to whom a bank's specialized services may be useful. We **take** our service to our clients.

We also **bring** experience to them—the knack of doing things quickly and well that comes of having done them many times before.

Co-operation is looked upon—**and acted upon**—as an art at the Wachovia.

BEGINNING IN 1795 AS A SINGLE "COLLEGE" WITH ONE COURSE OF STUDY FOR ALL, THE UNIVERSITY HAS, DURING ITS 130 YEARS OF SERVICE, DEVELOPED INTO TWELVE COLLEGES AND SCHOOLS, EACH WITH ITS OWN PURPOSE, ITS OWN COURSES OF STUDY AND TEACHING FORCE, ALL ENJOYING THE LARGER ADVANTAGES MADE POSSIBLE BY COMBINING RESOURCES TO SECURE TEACHERS OF QUALITY, SPECIAL LECTURES, FACILITIES FOR INVESTIGATION AND PUBLICATION, LIBRARY RESOURCES, CAREFULLY SUPERVISED WORK FOR STUDENT WELFARE, ETC.

THE UNIVERSITY is proud of its record of service to the State. One of the first acts of the State was to found the University and the history of one is incomplete without the other.

TODAY THE UNIVERSITY OF NORTH CAROLINA is abreast of the times; and will gladly furnish further and more specific information to those interested.

"READ IT BECAUSE THEY HAVE TO"

"The News and Observer Is An Institution Read By Something Like 75,000 People, Two-Fifths of Whom Hate It Like The Devil."

(From The News and Observer, November 19, 1911.)

In connection with its year's work on the newspaper situation, Collier's offered sixty prizes of fifty dollars each in the cities and regions of the United States and Canada for the best letters from readers concerning their newspapers. It prints the prize-winning letters. In its issue of last week it prints the prize North Carolina letter—It was written by Dr. G. M. Cooper, of Clinton, and his subject was **"The News and Observer."** Colliers' paid Dr. Cooper fifty dollars for the letter, as it paid fifty-nine others who wrote the best criticism concerning newspapers in all States. These letters have been interesting and illuminating and helpful both to the public and to the editors. It is a good thing for an editor to read the opinion of a subscriber, particularly when a great newspaper, like Colliers' thinks enough of the opinion of the writer to pay fifty dollars for it. If he is a wise editor he will be helped by candid criticisms. Dr. Cooper's is most kind, but is the sort of criticism of which it was said by the highest authority: "Faithful are the wounds of a friend." Here is his article for which Colliers' paid Dr. Cooper fifty dollars:

RALEIGH, N. C.

I read the daily **"News and Observer"** of Raleigh, N. C. **That paper is an institution. It is read by something like seventy-five thousand people, two-fifths of whom hate it like the Devil,** but read it just the same. Why? Because they have to. Its policies make and unmake Governors, Senators, Judges and lights of lesser magnitude. Politically it is mightier than all the politicians and bosses in the State, for the simple reason that it is backed by public opinion.

Ask any of the enemies why they read **The News and Observer** and the answer is always the same: "It publishes the news." That is literally the truth; nothing of real interest is suppressed. By "news" I do not mean the sickening stories of crime and domestic infelicity that fill the columns of most daily papers. I mean news of political importance or of significance to society in general. In other words, **its news matter is clean and healthy. In its editorials it reflects the best thought of the soundest thinkers in the country and especially the South.**

Another good reason for the influence wielded by this paper is its direct personal appeal. No one knows or cares who owns its stock, **but every line it publishes is universally regarded as the honest, sincere convictions of the editor.** To illustrate this point: It is Democratic in politics, and whenever a Republican speaker or paper alludes to an editorial in The **News and Observer** they always refer to "Josephus" (its editor is Josephus Daniels). That is "personal journalism" which might make even a Nelson or a Watterson take notice. No mortal man can measure the influence which this one paper exerts. It has fought and won many battles for better conditions in North Carolina. Its voice has been remarkably clear for the people against special privilege in national affairs.

Much more might be said in commendation of this paper, which for many a year to come bids fair to continue master of the newspaper field in this section of the South. But what I have said is sufficient to illustrate its power for good.

On the other hand what criticism have I to offer? Very little. First, and chief, it is not at all times and in all things consistent. For instance, it carries no whiskey advertisements, but thousands of its friends are frequently forced to blush with shame at some of its glaring patent medicine announcements.

Second, and in conclusion, as a friend to the principles for which this paper stands; as one who loves the glorious history of this great country, and who hopes for its future, I would beseech its editor to beware lest in its zeal for the cause he brings to me, perhaps unconsciously, just a little more of the spirit of partizanship than of the spirit of democracy.

Clinton, N. C. G. M. COOPER

Since the above was written, the circulation has increased and the paper is read by 125,000 people daily

Birth and Death Rates—1924

For the sixth consecutive year, North Carolina leads the United States with the highest birth rate, this being 31.9 per thousand population. The rate for the entire registration area (which is 72.2 per cent of the population of the United States) was 22.5, or more than nine per thousand less than North Carolina.

The State birth rate for whites was 31.4 per thousand population and the colored was 33.2 per thousand. No comparative figures can be given for the State birth rate, white and colored, with the birth rate for the registration area, white and colored, since these figures have not been issued by the Bureau of the Census.

The death rate for North Carolina is 12.2 per thousand population as compared with 11.9 for the registration area of the United States, which includes 85.3 per cent of the population of the United States. The white death rate for North Carolina was 10.4 per thousand and the colored rate 16.2 per thousand.

Rates for the registration area of the United States are taken from the provisional birth and mortality figures issued by the Bureau of Census, May, 1925.

North Carolina Day.

The 12th day of October of each year is set apart as "North Carolina Day" in the public schools of the State by an act of the Legislature of 1901. The day is "devoted to the consideration of some topic or topics of our State history, to be selected by the State Superintendent of Public Instruction."

State Democratic Platform—1924

(Adopted at Raleigh, April 17)

We, the delegates and representatives of the Democratic Party of North Carolina in Convention assembled, desire to express our grateful thanks to Divine Providence for the great blessings which have been shown to our beloved State, and for the general prosperity which has been enjoyed by all of the people thereof.

We reaffirm our devotion and allegiance to the true and tried principles of the Democratic Party, and welcome the opportunity to again present to the people of the State its record of service and achievement, and confidently appeal to our people for endorsement and approval.

We desire to express our profound sorrow at the death of our great leader and Statesman, Woodrow Wilson. Not only the nation, but the world has lost a leader of power, courage and moral force. Under his leadership, the Democratic Party enacted what was and is undoubtedly the greatest and most beneficient program of remedial legislation in the history of our nation. Among other enactments may be mentioned, the Underwood-Simmons Tariff Act; the Federal Reserve Bank Act; the Federal Farm Loan Act; the Clayton Anti-Trust Act; the Parcel Post Act; The War Finance Corporation Act; the Federal Aid for State Highways Act, and many others too numerous at this time to enumerate.

In striking contrast with this record of great achievement by the Democratic Party is the record of the Republican administration for the past three years, during which no legislation worthy of mention has been enacted, save the passage of appropriation bills, and it is a fact that almost the entire time of the present Congress has been devoted to the investigation and exposure of the fraud and graft of Republican officials. It is torn to pieces by contending factions which have nothing in common and has ceased to function, while the people are left to suffer for the want of needful legislation.

We heartily endorse the record of our Senators and Representatives in Congress.

In matters of State Administration, the Democratic party presents to the people a program unsurpassed in the history of the Union, or in the development of any commonwealth. So admirable and beneficial has been its constructive program, that it has attracted the attention of the other States of the Union and many are causing their officials to visit the State to acquaint themselves with the work which is being done under our legislation and the great progress which is being made under the guidance of the Democratic Party, and are copying many of its gallant features. On the other hand, the Republican Party has no record of constructive achievement or statesmanship. It stubbornly and harmfully remains a party of negotiation and fault-finding; its platform deals in generalities only, and its sole appeal is the appeal of prejudice.

The Democratic Party believes in the freest participation of the people in the management of public affairs and to this end, provides that its nominees for public office shall be selected in legalized primaries, giving to every citizen the right to express his or her choice, while the nominees of the Republican Party in this State are selected and ratified in conventions controlled by federal office-holders, the rank and file of the Republican Party having no choice in the selection of the candidates they are expected to support in the general election.

Since the election and inauguration of Charles Brantley Aycock as Governor twenty-three years ago, the Democratic Party has been in complete control of the affairs of the State of North Carolina. Its record is the pride of every patriotic lover of the State. The educational and material progress made through this period has been wonderful and has challenged the attention and plaudits of the nation.

The public school system has grown to enormous proportions and the time is now here when every child of school age within the State is offered a grammar school education. In response to the demands of the people themselves. High schools have so multiplied throughout the State, that a high school education is now within the easy reach of every ambitious girl and boy in North Carolina. Our State institutions of higher learning are being crowded with increasing numbers year by year. Our institutions for the care of the afflicted—such as a Christian State should provide—as well as other institutions of higher learning have been improved and made adequate for the care and comfort of our people. Institutions for the care of the delinquents, crippled and mentally defective youth of both races and sex have been built and are maintained in a humane and comfortable manner. The Confederate Veterans and widows are being liberally cared for by way of pensions and in the maintenance of the Soldiers' Home at Raleigh. Hard surface and dependable highways and roads are being built, over which the people of the State are transporting their products cheaply and traveling in comfort upon errands of business and pleasure. There is nothing that has contributed more to the material progress, development and happiness of all the people of North Carolina than the magnificent program of construction and maintenance of our State Highway system. We pledge the Democratic party to an equitable and just distribution of the highway fund to the end that every section of the State shall enjoy a fair and just participation in the benefits of the State system of highways. All of these things have been done and changes have been made in the tax system so that the taxes necessary to carry on this great program, heretofore, chiefly collected from levies made upon property, are now being levied upon and collected from incomes, franchises, priviliges, inheritances, motors and gasoline, so that now, the State is no longer levying any tax upon property, real or personal, but, on the other hand, is aiding the Counties largely in bearing their tax burdens. This has been accomplished without depriving the Counties of the State of any source of revenue formerly enjoyed by them, but by the development of new sources of revenue for the State. This reform in the tax system inaugurated and administered by the Democratic Party of the State is based upon the fundamental idea that ad valorem taxes assessed against lands

and personal property should be levied, collected and controlled by local or county authority, for local and county purposes only and that the State should derive its entire revenue from other sources and no longer levy any taxes whatever against land and personal property. Local taxes against such property have been left exclusively in the hands of the people themselves and their local officers in the counties, and are being expended now chiefly for two purposes, viz: Public schools and the payment of interest and creation of sinking funds to take care of County road bonds.

The correction of inequalities in the valuation of property for taxation has been provided for by laws to be administered by local authorities. We pledge the people that the Democratic Party will make such amendments to the present laws as may be found necessary, so that each and every property owner may have a quick, easy and inexpensive means to be relieved from all inequalities of assessments and of unjust and over-taxation.

Again asking for a continuance of the confidence of the people, the Democratic Party pledges itself to continue this program of progress, enlightenment, and fostering care of all worthy, humane and material interests of the State. We pledge the people of the State to carry on the educational system, so that every child in the State shall receive an education fitting him for the responsibilities of life, that the afflicted shall be cared for as they should be in a Christian State; that the delinquent youth shall be taught, trained, and saved; that the Department of Health shall continue its activities and broaden its scope of usefulness that the agricultural interests shall be actively encouraged; that highways shall be built and maintained, and, in general, that the great progressive, helpful and constructive program hitherto inaugurated by the Democratic Party shall continue to its ultimate and proper end, and that all this shall be done without levying any ad valorem taxes upon land and personal property by the State.

We heartily endorse and approve the administration of Governor Morrison and the General Assemblies which have met during that period, and call particular attention to the fact that at the last election in which this program and administration were reviewed at the polls, the people of North Carolina by an overwhelming majority approved it and returned the greatest democratic majorities in both the House of Representatives and Senate ever given in the State, thereby putting the stamp of their approval and endorsement upon the administration and its program.

The Democratic Party now, as heretofore, favors the policy of reasonable and just freight rates, not only by the removal of discriminatory rates upon interstate shipments to and from points within our State, but also by the removal of discriminatory and unjust intra-State freight rates, which prevent the free and unrestricted interchange of traffic between the various sections of our State. We pledge the people of the State the fullest measure of support of each and every available agency of the State government, in prosecuting before the proper tribunals, all necessary proceedings haveing for their purpose the removal of any and all discriminations which prevent our people from enjoying both interstate and intra-state rates on a parity with rates in other states.

We heartily endorse the action of the Democratic Party at the last session of the General Assembly in providing for the Ship and Water Transportation Commission to study and report upon the question of the establishment of public terminals and water transportation as a means of providing just and equitable freight rates as well as more efficient and expeditious service.

We recommend that the report of the commission when filed be carefully considered, and that the next session of the General Assembly take such action thereon as may be deemed for the best interests of the State.

Realizing that agriculture is at the bottom and base of all true prosperity and that the State of North Carolina is peculiarly interested, we pledge every endeavor to care for and promote this great interest and to upbuild the rural sections of the State in every manner possible. Realizing the paramount importance of encouraging the State's agricultural interests in every practicable way; and realizing further that reasonable production credits are a vital factor in the development of our rural life, we approve the basic soundness of the principles as set forth in the credit union law and pledge our support toward the educational work necessary for the effective carrying out of this law.

Just laws faithfully observed and impartially administered are the basis for true peace and prosperity. No unjust law should be passed and such laws as are enacted should be enforced, and we pledge the people to an enforcement of the laws of the State. We rejoice that both labor and capital are voluntarily coming into the State, making investments and seeking homes, and that for the most part the relationship between them in North Carolina has been harmonious. Just laws have been passed for the protection of both and the maintenance of harmonious relations between them, and we pledge the people not only that we will not pass any unjust and harsh laws, but that we will enact into legislation proper laws designed to promote harmony, peace and justice between them and the prosperity of both, so that not only the citizen interested in capital but the citizen who labors, and his family, will likewise have protection and an opportunity to educate his children and be surrounded by those influences which ought to exist in a Christian State and contribute to good citizenship and the accumulation of property.

Believing that the citizen is the State's most important asset, the Democratic Party of North Carolina endorse the work of the social welfare organizations of the State, which have as their mission the study and improvement of the social, civic, and economic conditions in North Carolina, especially the conditions that injuriously affect child life, or that tend to perpetuate preventable ignorance, disease, degeneracy or poverty among our people.

Deeply conscious of the responsibility resting with it, and maintaining an earnest determination to be true to the fundamental principles of Democracy and to the traditions of the party of the people, and its great leaders; with unrelenting ambition to better the condition of the people and realizing that in our action lies the hope of the State and of its homes we re-consecrate the Democratic Party to the service of the whole people and pledge to the intelligence, to the virtue and to the integrity of the commonwealth the best there is in us for the promotion of the agricultural, educational, industrial, moral and social life and development of this great State and its people. To the accomplishment of all these ends the party appeals to the people for their continued support and upon its labors invokes the guidance of Almighty God.

Republican State Platform—1924

(Adopted at Raleigh March 19)

We, the Republican party of North Carolina, in convention assembled reaffirm our devotion to the Constitution of the United States and to the American system of representative government, and adopt, as the basis of our appeal for the support of the people of North Carolina in the coming election, the following declaration of principles and policies:

We heartily approve of the constructive achievements of the administrations of the late lamented President Harding and his successor, President Coolidge; and we endorse the policies of the Republican administration so clearly and ably set forth in the annual address of President Coolidge to Congress on the 6th of December last.

The Republican party assumed control of the nation's affairs at a time when its foreign relations were in chaotic condition, when its institutions were attacked by the forces of unrest, when its credit had reached the lowest point within the memory of men of this generation and when the business of the country was paralyzed. In three years of Republican administration, this condition has been remedied. Prosperity has been restored. The public credit has been re-established. The public debt has been reduced three billion dollars. Public expenditures have been reduced from six billion to three billion dollars per annum. Taxation has been reduced eight hundred million dollars per annum. The nation's finances have been put on a sound basis and the budget system established. Peace has been restored with the nations of central Europe and the nation has taken the lead in bringing about the limitation of armaments and has done more for the cause of international peace than has ever before been done within the memory of mankind.

We earnestly favor a further reduction in taxes upon the general plan outlined in the report of the secretary of the treasury to Congress, and the further progressive reduction of public expenditures to the lowest figures consistent with governmental efficiency.

We favor the repeal of all war taxes except to the extent that same may be necessary to make provision for the public debt, the care of wounded or disabled soldiers and other extraordinary charges resulting from the war.

We believe that all private property and the income therefrom should bear its just share of the burden of taxation. And we are in favor of limiting the issuance of tax-exempt securities by amendment to the federal constitution.

America must be kept American. We favor a continuance of the policy of restrictive immigration.

We favor the Republican policy of a traiff for the protection of American labor and industry. The necessity of this policy is emphasized by the present economic conditions, variations in the standards of living and the differences in the cost of labor and production in America and elsewhere. We recognize that in North Carolina the great textile industry, lumber industry, peanut industry, and other basic industries of our people are dependent upon the protective policy for which the Republican party has always stood and we favor adequate protection for these and other needful industries.

We favor a progressive administration of the affairs of the State. We do not believe in extravagance nor in unnecessary burdening our people with debt, but the growing life of North Carolina demands a progressive administration of her affairs. We believe in enlarging the activities of the State to meet the expanding life of our people.

We favor the early completion of the State system of hard surfaced highways, and the extension of this system so as to serve equitably and fairly every section of the State. The Republican party has consistently favored the building of the State system of roads, and on the hustings and in the legislature has consistently supported the legislation directed to that end.

We favor a liberal policy in the matter of public education. The Republican party of North Carolina has always favored the education of the people of the State and has consistently advocated the extension and betterment of the public school system.

The Constitution of the State provides for a State system of public schools. The present system is State in administration and county in taxation. We favor a State system in taxation. There is no defensible reason why a hundred dollars worth of property in one county should pay sixty cents for public schools, while a hundred dollars worth of property in the adjoining county pays only eighteen cents. We favor equal taxation for public school purposes and equal opportunity for all children of the State.

We advocate free text-books for children in the public school and a State school-building program that will avoid extravagance through the careful supervision of all expenditures and will relieve the counties of extravagant local bond issues.

We condemn the extravagant and wasteful methods which have characterized the administration of the State's business and which have greatly increased the burdens of taxation. Not only in the ordinary transactions of the government, but also in the carrying out of the great constructive programs demanded by the people and favored by the Republican party, the Democratic party of North Carolina has been guilty of the grossest extravagance and of indefensible waste of the people's money. We demand a co-ordination and unification of the State's activities and the inauguration of a sound financial system to the end that waste and extravagance may be eliminated and the cost of government reduced.

In this connection we demand a modern accounting and auditing system for the State, in order that the taxpayer may be apprised of the condition of the State's finances without the expenditure of large sums of money for audits.

We call attention of the people of the State to the startling disclosures made in the investigation of the attempted dismemberment of the Cape Fear and Yadkin Valley railroad. After a decree of the Circuit Court of the United States forbidding the dismemberment of the line of railroad running from the seacoast to the mountains, a fraudulent sale of the road was permitted to be consummated, and the legislature of North Carolina in the session of 1899 passed a private act whereby it attempted to ratify this fraudulent sale and contrary to the decree of the court attempted to legalize this unlawful and fraudulent dismemberment of this most valuable road. With full knowledge of the facts, the Democratic State administration has quietly acquiesced for 25 years in this great wrong attempted to be perpetrated on the people of the State. We condemn without reserve this flagrant abuse of the people's confidence.

As a result of waste and extravagance, taxes in North Carolina have been raised beyond any possible requirement of a proper and economical administration of the State's affairs. We demand the reduction of taxation by the elimination of waste and extravagance. We also demand a modern and progressive system

of taxation by which the tax burden may be lightened on the home owner and the farmer. As a result of the antiquated and unjust tax system under which the State has labored, agriculture has been shouldered with an insufferable burden, and to relieve this burden should be one of the first duties of the State.

Agriculture is one of our chief industries and the basis of our economic life. We favor the reduction of taxation upon agriculture; the development and extension of land banks and other farm loan organizations to provide capital for legitimate farming enterprises at low rates; improvement of educational transportation facilities, and the organization of agricultural industry to conform with the practice of modern economic life.

We regard it as shameful that North Carolina, one of the greatest industrial States of the nation, should have done so little to better the condition of the great laboring class of our people. We favor legislation limiting hours of labor and properly safeguarding women employees and laborers engaged in exhausting and dangerous occupations. We believe in a proper child labor law adequately enforced and pledge our support to a workmen's compensation law in line with the progressive legislation of the day. We recognize the right of laboring men to organize and to bargain collectively and we are opposed to legislation which would destroy or impair this important right.

We recommend the social welfare work in North Carolina which has as its purpose strengthening the institutions of the people, improving the education, the position and self-relying capability of the citizen who most needs help and guidance.

Woman suffrage was first endorsed and has been consistently supported in North Carolina by the Republican party. We rejoice that the women of the State have been given the franchise by the federal government and regret that North Carolina did not join in extending them this right. We recognize in the women voters of the State a power for progress and an uplifting influence in our political life.

We believe in the impartial enforcement of the law by the duly constituted authorities of the State and nation. Society cannot compromise with lawlessness and does not need organizations outside of the government to enforce the law. We favor legislation prohibiting secret political societies hostile to the genius of a free people.

We favor a non-partisan judiciary and the selection of judges, recorders and justices of the peace in such manner as to remove them from the influence of politics and to secure for the State the services of the highest type of judicial officers.

We demand a fair election law. Specifically, we demand that the absentee voter law be so amended as to safeguard it against the abuses which have disgraced many counties of the State, and that a State-wide Australian ballot law be enacted so as to guarantee to the voters of the State a free and untrammeled ballot.

We believe in the essential unity of the American people in all matters affecting their national rights, duties and interests. Sectionalism is destructive of national life and its influence has been most baneful, especially in the Southland. We call upon the people of North Carolina to lay aside sectional and partisan prejudice and to join with us in an effort to give better government to our State and to solve the vital problems of the nation.

The State of North Carolina was the first to establish a hospital for the insane. It now has three such institutions in addition to a school for the feeble-minded. It leads the South in caring for its unfortunates.

Every Tobacco Leaf Valued by Its Quality

You can get higher prices for your Tobacco by growing a better quality of leaf.

Every step in the growing of Tobacco from plant bed to the curing shed—depends upon the proper fertilization.

V-C Fertilizers are **made** for Tobacco. They grow the plant rapidly and uniformly, produce a leaf that has "body," color and weight when cured.

Every 200-pound bag of V-C Tobacco Fertilizers used per acre on Tobacco will return, under good cultural conditions, an increase of at least 100 pounds of high-grade leaf.

V-C Fertilizers represent the best that the science of chemistry and agricultural practice know about the subject of plant food.

Ask your local dealer for V-C Fertilizers or write
